

9th Annual
Workshop of Dynamic Thoughts

9th Annual
Workshop of Dynamic Thoughts

Students of Turiba University invented progressive event for communication students and practitioners. This year we introduce the multicultural event, which bring new, young ideas into life. It is organized to help students from all over the world to become more skilled, help current and future communication practitioners become closer, rise friendship, share their thoughts and ideas, create unforgettable time for our participants and inspire them for further work.

Hello!

It was really great to come to Latvia for Workshop of Dynamic Thoughts. I met great people, and I wish I will meet them again.

Cristophe Ginisty. Founder & CEO Open Agency France, creator of the Reputation War conference, former IPRA President. Member of workshop in 2013.

I'm always pleased to be invited to come back to Workshop of Dynamic Thoughts, and I want to see you there with me.

Dennis Wilcox. Lead author of the major textbook Public Relations Strategies & Tactics (USA). Member of the workshop for three times.

Vision & Mission

Our vision

We dare to create unforgettable event, where communication students and specialists from all over the world can be united to spend productive and excellent time together.

Our mission

- To develop practical skills of students through giving them chance to invent the PR campaigns for real companies in a friendly atmosphere; to give opportunity to listen for successful people and get their experience.
- To give opportunity for communication professionals to see, how area is developing, communicate with youth, play a role in developing the young generation of specialists.
- To generate ideas for real companies; what means helping enterprises in their development and improvement.

Network

We collaborate:

- with young people, who have mind-blowing ideas on communications and willingness to develop their skills;
- with practitioners, who share their experience with young people and on the other hand get inspired from young professionals generation;
- businesses, who support communication development and as a result get ideas for their own improvement.
